I prefer Friday and my schedule is wide open anytime starting at 9 am. For the sake of simplicity, it's really not necessary to have a two part meeting, and it's hard to separate the shoreline from the mudflats anyway. So let's just start with a meeting that includes Cliff, then we can have follow-on meetings as needed. FYI, it will be just me attending this meeting from the EPA.

Thanks for setting this up.
-Janette

Subject: RE: Please propose a meeting time

At this point I have no conflicts either Friday or Monday.

Crystal

Subject: Please propose a meeting time

Dear All:

Janette Knittel, the EPA Project Coordinator for the Container Properties/Former Rhone-Poulenc site would like to have a meeting to discuss the upcoming future for the CMS/CMI at this site. Janette has indicated that she'd like to discuss the uplands/Shoreline work first and then discuss sequencing of future work at the site in conjunction with the planned Lower Duwamish Waterway Group plans. As such she'd like to have a two part meeting.

After discussing this with Cliff, he would rather attend either sometime Friday morning, April 5, or Monday morning April 8, 2019. Please let me know what maximum 1.5 to 2.0 period you would have available on those days. Cliff prefers to meet in the mornings to avoid the afternoon rush.

- John
